

What is Citrus Extra?

A fast-acting, biodegradable, pre-spray detergent, CITRUS EXTRA is designed for use on all types of carpet. CITRUS EXTRA is diluted and then sprayed directly onto the carpet. It is then extracted with clean water.

Key Benefits

- ✓ CITRUS EXTRA conforms with AS3773 "Textile floor coverings - Cleaning maintenance techniques for domestic and commercial carpeting".
- ✓ CITRUS EXTRA is safe to use on all carpets, even new stain-resistant nylons.
- ✓ CITRUS EXTRA has excellent cleaning power.
- ✓ CITRUS EXTRA is fully biodegradable, phosphate-free and environmentally responsible.

How Does It Work?

CITRUS EXTRA is based on natural orange oils which have a strong cleaning action and a pleasant fragrance. CITRUS EXTRA's excellent cleaning power provides great economy of use and does away with the need for detergent or additives in the solution tank or the feed lines of truck-mounted units. CITRUS EXTRA is a free rinsing cleaner, so after pre-spraying, one pass with water in the wand is all it takes to clean and revive the carpet. Being a low-alkaline pre-spray, CITRUS EXTRA is safe to use on carpets in trains, boats and planes and will not affect aluminium, fibreglass or painted surfaces. It is also less likely to cause skin irritations.

For Use On...

CITRUS EXTRA is designed for use on all types of carpet including hard to clean, low cost acrylics, new generation, stain resistant nylons and pure wool or wool blend carpets as well as Persian rugs, bleeders and printed carpets. CITRUS EXTRA is diluted and then sprayed directly onto the carpet.

Technical Data

Composition

CITRUS EXTRA contains biodegradable surfactants that have been derived from naturally grown plant crops including sugar and coconuts. The formula also includes orange oils, citrates and stabilizers.

Properties

COLOUR – Yellow transparent liquid

ODOUR – Mild

pH = 9.75 ± 0.25 at 1 in 20 dilution

pH = 6.6 (when tested as per AS3773, Clause 3.2.2)

FOAM – Low foaming

Environmental Care

CITRUS EXTRA conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. CITRUS EXTRA is non-flammable, biodegradable, phosphate-free and based on renewable raw materials. CITRUS EXTRA containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd., significantly reducing plastic usage and waste. They can also be recycled.

Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".

First Certified: 30 April 1996

SAI Certificate No.: QEC7358

Application

- Remove litter from carpet and vacuum if necessary. Move furniture or place foil under legs. Dilute CITRUS EXTRA as follows and spray directly onto the carpet:
- **For light to medium soilage**
1 part CITRUS EXTRA in 30 parts water
- **For heavy soilage**
1 part CITRUS EXTRA in 20 parts water.
- Do not add any chemicals to the extraction tank. Use only warm water and extract the carpet after a dwell time of 3-5 minutes (55°C for stain-resistant carpets and 70-75° for all others. Cold water may be used satisfactorily if warm water is not available.)
- Avoid overwetting the carpet. Allow carpet to dry as quickly as possible, provide ventilation where possible.

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.
