

Product Data Sheet

Product Code: COU

Issued: August 9, 2011

What is Country Garden?

COUNTRY GARDEN is a powerful air-freshener with the lingering perfume of honeysuckle and roses.

Key Benefits

- ✓ COUNTRY GARDEN is a PERFUME CONCENTRATE
- ✓ It will outlast conventional reodorant detergents
- ✓ COUNTRY GARDEN provides a solution to both highly-ventilated and poorly-ventilated problem washrooms where a lingering perfume is required

How Does It Work?

COUNTRY GARDEN Air Freshener Concentrate is designed to provide a lasting fragrance in areas where normal detergent and disinfectant perfumes disappear sooner than desired. COUNTRY GARDEN is a super-strong perfume concentrate which is spirit based. It has a pleasing floral fragrance which lingers for many hours, even days.

For Use On...

Primarily for toilet cubicles and washrooms, COUNTRY GARDEN may also be used in waste and garbage holding or disposal areas to mask undesirable odours. COUNTRY GARDEN may even be used after cleaning to let your customers know you've been and that their home or office is clean and fresh.

Environmental Care

COUNTRY GARDEN conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. COUNTRY GARDEN containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd., significantly reducing plastic usage and waste. They can also be recycled.

Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".

First Certified: 30 April 1996

SAI Certificate No.: QEC7358

Container Size

1 LITRE (Only a tiny amount is needed for each application).

Application

- Using a finger or trigger spray, apply a couple of 'squirts' on the floor or wall behind the toilet and near the urinal or basins to leave a lingering fragrance.
- Avoid spraying on floors where people walk or on any surfaces subject to skin contact.
- Avoid spraying near pilot lights, flames or other ignition sources.
- Apply strategically in other rooms, for example, spray in opposite corners.
- A couple of squirts into a garbage bin will mask unpleasant odours.
- Note that a residue will exist for a couple of days, but will gradually evaporate. This residue is necessary as it provides the perfume source.

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.
