

## What is Flash-Dry?

FLASH-DRY is a high-performance hard-surface cleaner that evaporates very quickly and leaves no streaks, smears or residues. It's designed for spray-and-wipe cleaning of glass, chrome and all shiny surfaces.

### Key Benefits

- ✓ Removes smudges, oily films, finger-prints & other dirt, fast.
- ✓ FLASH-DRY evaporates very rapidly, so it needs less wiping and the cloth stays drier for longer.
- ✓ Leaves glass smear-free.
- ✓ Anti-static so reduces dust-cling.
- ✓ Pleasantly perfumed to lightly deodorise.
- ✓ Non Dangerous Goods.
- ✓ Safe on window tint film.
- ✓ Versatile – not just a glass cleaner, FLASH-DRY cleans all shiny surfaces.

## How Does It Work?

FLASH-DRY contains a specially developed blend of alcohol solvents and low-residue surfactants in an aqueous base. These ingredients dissolve oils and release soilage from the surface being cleaned.

### For Use On ...

FLASH-DRY will remove smudges, oily films, finger-prints and general soilage from glass, shiny laminates, stainless steel, chrome and perspex surfaces. It is ideal for cleaning windows, mirrors, display cabinets, table-tops, benches, poker machines, and a wide variety of other shiny, hard surfaces.

## Technical Data

### Properties

COLOUR – Transparent pale-aqua blue liquid  
ODOUR – alcohol odour  
pH = 8.5 ± 0.5  
FOAM – Medium foam height

AGAR COLOUR CODE – 5

### Environmental Care

FLASH-DRY conforms with all statutory environmental requirements. It is based on non-toxic ingredients selected to perform efficiently so there is no waste or damage. FLASH-DRY is: Non-flammable, phosphate-free, and based on biodegradable surfactants. FLASH-DRY containers will be cleaned and re-used if returned to Agar Cleaning Systems Pty Ltd, significantly reducing plastic usage and waste. They can also be recycled.

### Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".

First Certified: 30 April 1996

SAI Certificate No.: QEC7358

## Application

Use neat.

Spray a light mist onto the surface then rub till dry with paper towel or lint-free cloth in a circular motion.

If windows are out-of-reach or very dirty, AMMODET should be used in the scrub-and-squeegee method to clean them effectively.

Available in: 1L, 5L & 20L

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.
