

Product Data Sheet

Product Code: DBC

Issued: September 4, 2001

## Environment

SHINYWASH conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. SHINYWASH is non-flammable, phosphate-free and biodegradable. Containers are recycled wherever possible.

## Main Benefit

- ✓ SHINYWASH is a convenient, two-in-one product that polishes and cleans in one operation.

## Product Use

SHINYWASH is a pine-scented floor cleaner/restorer which cleans effectively and simultaneously replenishes the floor surface with acrylic polish. It removes all types of routine floor soilage from vinyl, timber, linoleum and stone floors.

SHINYWASH is designed for damp-mopping and autoscrubbing and will leave the floor clean and ready for buffing to a very high finish.

SHINYWASH is ideal for slow to medium speed buffing but is not intended for ultra-high speed buffing (greater than 1200rpm).

## Technical Data

### Properties

COLOUR – Milky, cream-coloured, thick liquid  
ODOUR – Pine fragrance  
pH = 9.7 - 10.4  
FOAM – High foam level

### Composition

SHINYWASH contains pine oils, surfactants, builders and buffers together with polish resins and polyethylene polymers. It works in a two-stage cleaning mechanism:

1. Attack of soilage by detergent compounds which emulsify and remove it from the floor.
2. Preferential adherence to the floor by the polish components which form a protective film when the floor dries.

## Application

- Damp-mopping and autoscrubbing:  
1 part SHINYWASH plus 10 to 40 parts water depending on soilage.
- When floor is clean, buffing will produce a protective, shiny surface.

Agar Cleaning Systems maintains Material Safety Data Sheets (MSDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective MSDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.
